

Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claim 1 (currently amended) An agricultural system comprising:

a motorcycle drive unit and a tool assembly; said motorcycle drive unit adapted for removable attachment to said tool assembly, said tool assembly further comprising a braking system wherein said agricultural system is capable of farming.

a braking system

Claim 2 (previously amended) The system of claim 1 wherein the tool assembly further comprises a structural chassis suitable for attachment of farm implements and adapted to be mounted on an axle having first and second ends.

Claim 3 (original) The system of claim 2 wherein the tool assembly further comprises:
a first wheel disposed at said first end of said axle; and
a second wheel disposed at said second end of said axle.

Claim 4 (previously amended) The system of claim 3 further comprising a transmission unit comprising a differential gear box disposed between said first and second wheels and adapted to be connected to said motorcycle drive unit.

Claim 5 (original) The system according to claim 1 wherein said tool assembly further comprises a multi-purpose tool bar for at least one of a cultivator, a seed drill, and a sprayer kit.

Claim 6 (canceled)

Claim 7 (original) The system according to claim 1 wherein said tool assembly further comprises a lifting mechanism.

Claim 8 (original) An agricultural system for farming comprising:

a motorcycle drive unit wherein said motorcycle drive unit is adapted for removable attachment to a tool assembly;

said tool assembly comprising a structural chassis and an axle having first and second ends;

a first wheel disposed at said first end of said axle;

a second wheel disposed at said second end of said axle;

a transmission unit comprising a differential gear box disposed between said first and second wheels;

a multi-purpose tool bar for at least one of a cultivator, a seed drill, and a sprayer kit mounted on said structural chassis;

a braking system connected to at least one of said first or second wheels; and

a lifting mechanism.
